

COVID VACCINE FOR KIDS?

have you considered all the facts?

ALL RISK NO GAIN

Before Taking Your Child For An Irreversible Injection, IT IS YOUR DUTY OF CARE To Familiarise Yourself With The Content On This Flyer

- With a 99.998% survival rate, children have a near-zero risk of dying from Covid. Despite this, massive efforts are underway to ensure every child is given the Covid injection.
- The Therapeutic Goods Administration (TGA) has granted approval for the Covid Injections, recently lowering the age of approval now to include 5 years olds.
- Against a background of medications such as those for pain, cough & cold and decongestants not being recommended for women whilst pregnant (not to mention consumption of eggs, caffeine, alcohol, raw fish & processed meats), they are now recommending this injection to pregnant and breastfeeding women!
- This injection is still in the experimental phase - anyone (including your child) who has it, is part of the trial.
- There is now talk of Moderna 'triallying' the Covid injection here in babies as young as 6 months old.
- We know that the injection neither prevents transmission nor provides immunity and has been causing many deaths and adverse reactions around the world.

AND NO ONE KNOWS THE LONG-TERM SIDE EFFECTS.

**WE NEED TO STAND UP & PROTECT OUR KIDS! THIS IS OUR JOB AS PARENTS!
WE NEED TO DEFEND THEM TILL OUR LAST BREATH!**

Many esteemed doctors, scientists and industry whistleblowers who are at the top of their game and were highly respected prior to Covid, have been attempting to warn humanity of the dangers of the vaccine and the narrative around it. These doctors and scientists have nothing to gain from sharing their truth - but everything to lose - funding, careers, reputations.

The Government has been doing EVERYTHING in their powers to silence them through extreme censorship and smear campaigns, speaking volumes on how desperately they don't want their agenda jeopardised.

Across mainstream media, we are seeing the most obscene fear-mongering campaign in the history of man, from the manipulation of numbers and non-existence of perspective giving to the suppression of important information such as other scientists views, effective medicines and actual deaths and adverse reactions as a result of the injection.

Despite the very real harm the injection is causing, the level of coercion is extreme with threats of a Vaccine Passport and mandating it in various sectors - e.g. no jab - no work/school/travel etc.

And now they come for our children!!

WE CANNOT LET THIS HAPPEN!

Coercing a population to participate in an experiment is called Government and medical tyranny.

Things you can do immediately:

- Educate yourself - seek out expert doctors & scientists that are providing important information - see QR code below.
